Environmental Attributes

All Mohawk papers are made with electricity generated by renewable, non-polluting windpower. We purchase enough Green-e certified renewable energy certificates (RECs) to match 100% of the electricity used in our operations. Items noted as such are carbon neutral within our production processes by offsetting thermal manufacturing emissions with VERs. Items noted as FSC are certified by the Forest Stewardship Council.

For additional information, please contact 1-800-THE-MILL.
